1751.01 LEGISLATIVE FINDINGS.

(a) The Council finds that public nuisances exist in the City of York in the operation of certain buildings, structures and dwellings and the use and occupation of property in flagrant and persistent violation of state and local laws and ordinances, which nuisances substantially and seriously interfere with the interest of the public in enhancing the quality of life and community environment in the City, and in fostering and facilitating commerce, maintaining and improving property values, and preserving and protecting the public health, safety, and welfare. Council further finds that the persistence of such activities and violations is detrimental to the health, safety, and welfare of the people of the City of York and of the dwellings and businesses thereof and the visitors thereto.

(b) Various code and statutory provisions, including, but not limited to, those found in the Commonwealth of Pennsylvania Crimes Code, the City of York's Property Maintenance Code, and the City of York's Codified Ordinances pertaining to unreasonable noise, disorderly conduct, and litter and weeds, are enforced by the filing of charges and citations against the persons responsible for violations of the same. Council finds that, in spite of enforcement efforts, recurring code and statutory violations on property can lead to the creation of public nuisances on said property. Therefore, it is necessary and desirable in the public interest to enact a public nuisance abatement law in order to: eliminate local public nuisances by removing parcels of real property in the City from a condition that consistently and repeatedly

violates municipal law; make property owners vigilant in preventing public nuisances on or in their property; ensure that property owners are responsible for the use of their property by tenants, guests and occupants; provide locally enforceable remedies for violations of local ordinances; and otherwise deter public nuisances. Council further finds that the sanctions and penalties that may be imposed by the Police Department pursuant to this law constitute an additional and appropriate method of law enforcement in response to the proliferation of the above-described public nuisances. The sanctions and penalties are reasonable and necessary in order to protect the health and safety of the people of the City and to promote the general welfare. (Ord. 18-2012. Passed 7-17-12.)

1751.02 PUBLIC NUISANCE DEFINED.

For purposes of this section, a public nuisance shall be deemed to exist whenever, through violation of any of the following provisions resulting from separate incidents at a building, structure, dwelling erection or place, twelve (12) or more points are accumulated within a period of six (6) months, or eighteen (18) or more points are accumulated within a period of twelve (12) months, in accordance with the following point system. Where more than one (1) violation occurs during a single incident, the total points for the incident shall be the highest point value assigned to any single violation. For the purposes of this article, an incident will be defined as the execution of an enforcement action in response to a violation of the law. In addition, any property that is determined to be blighted, as defined in the Pennsylvania Urban Redevelopment Law, 35 PS §1712.1(c) or the Property Rights Protection Act, 26 Pa.C.S.A. §205(b) is hereby declared to be a nuisance. 1751.05 POWERS OF THE POLICE COMMISSIONER WITH RESPECT TO PUBLIC NUISANCES.

The Building Code Official or designee is authorized to cause the premises to be closed and/or secured by the City or by contract or arrangement with private persons. The

costs of closing and/or securing the premises, including any reasonable administrative fees, shall be charged against the real estate upon which the structure is located and shall be a lien upon said real estate. If the property is a multi-unit building, the Building Code Official or designee shall only secure the offending unit or units and not the entire building. The length of time that the premises are closed and/or secured pursuant to this section shall be at the City's discretion, but in no event shall the closing and/or securing of the premises be for more than one year from the date of the posting of the order closing and/or securing the premises.

(b) If a building, structure, dwelling, erection or place is ordered closed and/or secured pursuant to this section, such order shall be posted at the building, structure, dwelling, erection or place where the public nuisance exists. 1751.06 NOTICE.

(a) Points become officially assessed against a property whereupon the City provides notice of such assessment as provided in subsection (c) hereof to the property owner of such assessment.

(b) Whenever the Building Code Official or designee determines that there exists a public nuisance as defined herein, he/she shall serve notice as provided in subsection (c) hereof. The notice shall specify the type of nuisance being maintained or permitted on the premises, summarize the evidence, including advising the property owner of the violation(s) that are alleged to have occurred on the property and the date of the violation(s), the points that were assessed to the property as a result of the violation(s), inform the owner that failure to abate the violation(s) may subsequently lead to the closure and securing of the property, and the notice shall inform the owner of his/her right to request a reconsideration of the imposition of points pursuant to subsection (d) hereof. In addition, with respect to the reconsideration of points, the notice shall advise the owner that, should the owner take all reasonable and available steps to terminate the public nuisance activity, including immediately repairing the property if the property is in violation of any local or state codes or commencing an eviction action to terminate the lease of any tenant who is permitting or maintaining the public nuisance activity on the property, the City will positively consider such remedies taken by the owner when determining whether to remove the initial assessment of points from the property.

(c) Method of Service: Such notice shall be deemed to be properly served if a copy thereof is:

- (1) Delivered personally; or
- (2) Sent by certified or first-class mail addressed to the last known address; or
- (3) If the notices are returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the structure affected by such notice.

(d) Upon the initial assessment of points, a property owner may, within fifteen (15) business days of receiving notice of such points, make a written request to the Building Code Official for the City to reconsider the imposition of points. If the initial assessment of points were for a combination of Criminal and Building, Housing, Plumbing, Fire or other related Codes violations, the Building Code Official may consult with either the Building Official, Police Chief/Commissioner and/or the Fire Chief when reconsidering the imposition of points. The City shall, within thirty (30) days, issue a written decision as to whether the assessment of points was merited or whether the property owner has taken reasonable and available actions as to necessitate the removal of the points. No reconsideration of points shall occur after the initial assessment of points.

(e) The Building Code Official or designee shall maintain on the City website and/or in written form, available for public view, a current list of all properties against which points have been assessed, the dates that points were assessed, the number of points against the property, an indication of points that are under review for reconsideration or under appeal to the Board of Appeals, and the appropriate office to contact for detailed information on the alleged violations.

(f) Once a property has accumulated enough points to be deemed a public nuisance as defined herein, the City shall serve the property owner a Notice of Closure pursuant to Section 1751.06(c) of this article. The Notice of Closure shall advise the owner of the violations that occurred at the property, the dates of the violations, the points that were assessed to the property as a result of the violation(s), and the City's remedies it can invoke under Section 1751.05 of this article so as to abate the public nuisance. In addition, the Notice of Closure shall inform the owner of his/her right to appeal the Notice of Closure and the determination that the property constitutes a public nuisance to the Nuisance Abatement Board of Appeals within ten (10) days from the date of said notice.

1751.08 LACK OF KNOWLEDGE NOT A DEFENSE.

The lack of knowledge of acquiescence or participation in or responsibility for a public nuisance on the part of the owners, lessors, lessees, mortgagees and all those persons in possession or having charge of the property as agent or otherwise, or having any interest in the property, real or personal used in conducting or maintaining the public nuisance, shall not be a defense by such owners, lessors and lessees, mortgagees, and such other persons.

(Ord. 18-2012. Passed 7-17-12.)

1751.09 REMOVAL OF POINTS.

The points assessed to the property shall remain on the property if:

- (b) Following the property owner's request for reconsideration under Section 1751.06(d), the City determines that the points assessed to the property were merited; or
- (c) Following an appeal to the Board, the Board does not reverse the City's determination that the property constitutes a public nuisance as defined herein.

The points remain on the property for approximately one year after the points become officially assessed against a property as provided in Section 1751.06(a). After one year, the City shall remove the points assessed to the property.

The owner shall furnish to the Building Code Official a signed and notarized statement from the grantee, transferee, mortgagee or lessee, acknowledging the receipt of such notices of points assessments, notices of closure, or Board decisions and fully accepting the responsibility without condition for making the necessary repairs or taking such necessary actions so as to prevent the premises from becoming or remaining a public nuisance. (Ord. 18-2012. Passed 7-17-12.)
