

NOTICE REGARDING REQUEST FOR PROPOSALS FOR THE SALE OF THE CITY OF YORK AND YORK CITY SEWER AUTHORITY, YORK, PENNSYLVANIA MUNICIPAL WASTEWATER SYSTEM

This notice announces a schedule change for the Request for Proposals (“RFP”) for the sale of the assets comprising the municipal wastewater system (“System”) owned and operated by the York City Sewer Authority and the City of York (“City”) issued on July 10, 2020.

As reported by local media, the City’s data servers and related information technology equipment and systems, among other City facilities, suffered extensive damage when City Hall was vandalized in early August. (The York Daily Record’s report is available at: <https://www.ydr.com/story/news/2020/08/06/yorks-city-hall-closed-after-physical-attack-property/3306785001/>). As a result of this event, access to data integral to the RFP process was significantly impaired during the early stages of the RFP process and remains subject to significant delays as the City awaits third-party vendors’ completion of necessary repairs to, and replacement of, information technology equipment and related systems.

To ensure the integrity and robustness of the RFP process, the schedule is being amended to incorporate a 30-day extension of time, including a new deadline for Initial Submissions.

Importantly, while the City seeks proposals for a purchase of the System, issuance of the RFP does not bind the City to accept any proposal or proceed with any transaction. The City reserves the right to accept a proposal or reject all proposals as may be in the best interests of the City, its residents, and the broader community.

To request a copy of the RFP, please contact only the City’s Advisor Representatives listed below.

Advisor Representatives:
