Additional Information: South Mountain Radio Amateurs is pleased to be offering an Amateur Radio Course. This class consists of 5 ongoing classes, based on the ARRL's "Ham Radio License Manual" for the Technician License class. An examination session at the conclusion of the course will also be offered; all at no charge. What is included with the session? • Text: "Ham Radio License Manual" by ARRL—FIFTH EDITION • Five, 2-hour Power Point presentations, (with down loadable notes) • No-charge FCC exam for the technician license class, (To obtain a license, you must successfully complete a Licensing Examination session and pay a \$35 licensing fee to the FCC). • Each student who passes the exam will receive: • BaoFeng UV-5R HT Radio and will be taught how to manually program it with local repeaters, simplex and emergency frequencies. • Sessions will be held at Cumberland County Department of Public Safety Saturdays - May 6th, 13th, 20th, 27th, June 3rd. • The test will be conducted on June 10th. • Session on "how-to" manually program the UV-5R on June 17th.
