

**York Business Improvement District Authority
Public Hearing
Tuesday, June 17th, 2025, 6 p.m.
York City Hall, Council Chambers
101 S George Street, York PA 17401**

Agenda Item: Public Hearing – York Business Improvement District Authority (YBIDA) Five-Year Renewal

Purpose:

To conduct a public hearing regarding the proposed five-year renewal of the York Business Improvement District (BID), administered by the York Business Improvement District Authority (YBIDA). This hearing provides an opportunity for property owners, business owners, and community members within the BID boundaries to provide input and comment on the continuation and scope of services provided by the BID from 2026 through 2030.

Summary:

The York Business Improvement District was established to enhance the vitality and cleanliness of Downtown York through supplemental services such as beautification, marketing, public safety support, and economic development initiatives. The current term is set to expire at the end of 2025. The proposed renewal would authorize continued operations and funding for an additional five years. A presentation on the accomplishments and proposed plan of services for the next term will be given, followed by public comment.

Public Comment:

Interested parties are invited to attend and provide oral or written comments. All feedback will be considered prior to Council action on the BID renewal.
